

Inato's Enrollment Plan

A new type of trial application that transforms
the site selection process for sponsors by:

Increasing
confidence

Accelerating
timelines

Vetting site
experience

Here's How...

With Inato's Enrollment Plan, sponsors get the information they need to quickly make a confident decision.

By weaving together **context**, **historical insights**, **diversity**, and **unique strengths**, the Enrollment Plan helps sponsors uncover the value of each site in an easy-to-read format, enabling them to select the right sites for their trial.

Enrollment Plan

Let's take a closer look:

 Gather a snapshot of the sites' overall fit with an overview of **patient commitment, trial requirements met, and diversity medals.**

Diversity

Inato's insight
Here is an Inato insight about diversity that needs to be highlighted to the sponsor.

Gold
DIVERSITY MEDAL

- 67% of patients are diverse at the site
- 79% of patients enrolled in clinical at the site within the last 2 years were diverse
- Contributing to 4 diverse populations for this trial (American Indian or Alaska Native, Asian, Black or African American, and Hispanic or Latinx)
- The research team reflects the community (American Indian or Alaska Native, Asian, Black or African American, and Hispanic or Latino), and speaks 3 languages (English, Spanish, Urdu), and can speak Spanish to their Hispanic or Latinx patients.
- ≥ 2 past trials have diverse patient enrollment provided
- Strong proof provided with ethnicity breakdown

Site comment on specific diversity drivers:
Our PI has been very involved in the local Asian community for the past 20 years and has built a trusting relationship with her patients.

 Review the sites' relevant experience with the **historical performance section.**
