## Unlock your access to trials and patient access to treatments.

We're empowering community sites with (free) direct access to the right trials with top global sponsors, promoting more inclusive research and more effective treatments for all.

Join 2.4k+ other researchers in 45+ countries already on Inato to:

**Increase your access**  
and visibility to the right  
trials and sponsors.

**Save time**  
and make securing  
your next trial easier.

**Showcase your  
site's diverse  
patient populations**  
and capabilities.

**Take the reins**  
and increase your chance  
at selection for trials.

**Get individualized  
support and guidance**  
from a team on a mission.

Of all of the ways sites could find trials, this by far has to be the easiest.

## Bring the right trials to your community. Here's how:

### 1 Sign Up & Setup Profile

Provide basic details like your location and disease areas of interest to help us recommend the most relevant trials.

### 3 Assess Trial Fit

Once you find a trial, take our five-minute *Check Your Fit* assessment to determine your likelihood of meeting criteria.

### 5 Get Verified

We work with you to complete your *Enrollment Plan* with an attainable *Inato Verified Commitment* and the right proof for your best chance at selection. For top-matched sites, we provide an *Inato Recommendation* that our sponsors trust.

### 2 Review Trials & Protocols

Review our latest listings of global trials. *Early Interest Trials* allow you to indicate interest in future trials and provide protocol feedback. *Open Trials* are actively accepting applications.

### 4 Apply & Stand Out

Complete your trial *Enrollment Plan*. Share compelling details to help you stand out to sponsors, such as diverse patients, staff, site capabilities, and experience.

### 6 Get Support

Your *Site Support* manager is dedicated to helping you get selected and obtain answers and feedback from sponsors quickly. Once selected, they support you in enrollment to ensure you achieve your goals with peak performance.
